

YOUR POTENTIAL, REALIZED.

Working at MHS Global isn't just another job.
It's a career with a company that invests in employees.

COMPETITIVE BENEFITS FROM DAY ONE

- Health, dental and vision insurance
- Paid time off
- 401K with company match
- Tuition reimbursement
- Wellness program for life skills, physical and mental health
- Short- and long-term disability
- Life insurance options

MHS is a homegrown business with worldwide impact, growing to one of the ten largest global material handling system suppliers. Our team builds the solutions that distribution and fulfillment centers rely on, including high-speed sortation systems, conveyors, dock equipment and more. We have opportunities to start or advance your career in welding, metal fabrication, electrical and mechanical assembly, shipping and receiving, quality control and maintenance. Positions may involve operating equipment such as MIG welders, robotic welding cells, plasma and laser CNC machines, and brake presses.

We're fueled by an entrepreneurial culture that invites all employees to take ownership, contribute ideas, learn new skills and advance through additional roles. Building the backbone of e-commerce operations means we're constantly evolving to meet the needs of the fast-paced logistics industry, and we're looking for talented individuals to grow with us.
